Tamjid Al Rahat

PhD grad in 2024, now Applied Scientist at AWS

I am an Applied Scientist at Amazon Web Services (AWS) where I work on innovating automated technologies to proactively detect and mitigate security issues across AWS services and applications. I completed my Ph.D. from the University of California Los Angeles (UCLA) in 2024, where I was advised by Prof. Yuan Tian, and also mentored by Prof. Yu Feng from UC Santa Barbara. I finished my M.S in Computer Science from the University of Virginia and B.S in Computer Science and Engineering from the Bangladesh University of Engineering and Technology (BUET).
